12-Night Cruise onboard "CELEBRITY ECLIPSE"

Sunday, August 4, 2024: Cape Liberty, New Jersey – This cruise port, the first to be built in New Jersey in 40 years, provides the perfect setting to the beginning of any voyage. From the vantage point of the deck, you can look out over the Verrazano-Narrows Bridge, the Statue of Liberty, New York Harbor and all of lower Manhattan. **(B, L, D)**

Monday, August 5, 2024 - At Sea - Cruising – While at sea, take the time to recharge before the next adventure. Lounge by the pool, be spoiled at the spa, taste the delicacies or explore the venues on-board, until we arrive at the next amazing destination. **(B, L, D)**

Tuesday, August 6, 2024: Halifax, Nova Scotia - Docked – Located on the shores of the world's second-largest natural harbor, the "City of Trees" adds to the pastoral beauty of Canada's maritime region. An extensive network of walking trails extends from the waterfront out to a series of beautiful parks and vibrant gardens, inviting exploration. **(B, L, D)**

Wednesday, August 7, 2024: At Sea - Cruising – A full day at sea is the perfect time to enjoy the ship's onboard amenities. And believe me, on modern cruise ships, there are a lot of amenities. Sea days are one of our favorite things about cruising. While there are countless ways to spend your time at sea, this is how we like to do it: Spa, Bingo, Movies, Specialty Lunch. Maybe Sleep In or Take an Afternoon Nap, Mini Golf, Shop 'Til You Drop! Do we need to go on? Days at Sea can be a great way to rest and rejuvenate to enjoy your port days better! **(B, L, D)**

Thursday, August 8, 2024: St. John's, Newfoundland - Docked – St. John's, the capital of Newfoundland, is the province's largest city. Settled by the British in the 1600s, Saint John's is one of the oldest cities in the "New World." Known for its colorful row houses, it has the perfect balance of luxurious city and old town charm. Guests can wander the streets learning the history of this fishing town or, for the more adventurous, hike up to Signal Hill and enjoy the views. **(B, L, D)**

Friday & Saturday, August 9 & 10, 2024: At Sea - Cruising – What else can we do on a sea day??? First, enjoy a late breakfast with a made-to-order omelet – delicious! Then perhaps test your knowledge - Is your brain full of useless information? Trivia contests are a Travel Masters NWA favorite and happen several times a day and cover a variety of themes from general knowledge to music, sports and more. Come join the fun with other travelers playing trivia. Get your steps in - Ships are huge, often more than 1,000 feet long and 130 feet wide. Take a walk on the open deck. Not only will you enjoy a beautiful view, you'll also get some extra steps in. If you're feel especially energetic, you could also climb steps between decks. There will be so much to do. **(B, L, D)**

Sunday, August 11, 2024: Qaqortoq, Greenland – Today we are tendered into the largest town in South Greenland – Qaqortoq. Feel free to check out the area on foot if you wish. Qaqortoq offers visitors art, culture, Norse history, boat tours, hot springs, kayaking and hiking. It's like an arctic riviera, but with floating icebergs and frolicking whales instead of sandy beaches and palm trees. Next to the central square, with historic buildings and pleasant cafés, Qaqortoq Museum displays a mix of modern art and classic culture. Trek up the hills for a stunning panorama of the area, complete with migrating sea ice. Take an excursion out to the local hot springs. Ahhh, this is the life. **(B, L, D)**

Monday, August 12, 2024: Prins Christian Sund - Cruising On a cruise to Prins Christian Sund, you'll sail beyond the North Atlantic Ocean along a waterway of fjords at the very tip of South Greenland. Marvel at the icy landscape, where snow-capped mountain peaks loom in the distance and blue-white glaciers shine in the afternoon light. On this one-of-a-kind day at sea, dream up what life must be like in this remote part of Greenland from the top deck of our ship. **(B, L, D)**

Tuesday, August 13, 2024: At Sea – Cruising – For Travel Masters NWA sea days are a chance to relax in between busy port days, a chance to enjoy more of the amenities of the ship, and take in some entertainment. They are days of leisure that can be filled with as much or as little as you want. Perhaps visit the salon? What ever you choose – Enjoy! **(B, L, D)**

Wednesday, August 14, 2024: Akureyri, Iceland, Docked – Akureyri, Iceland is the country's second-largest city and one of the country's most important ports and fishing centers. Affectionately known as the Capital of North Iceland, it has a cool café scene, a growing gourmet movement, and a bustling nightlife that proves this city is more than meets the eye. From fabulous summer festivals fueled by the Midnight Sun, like the Akureyri Summer Arts festival (late June-late August), to some of the best skiing this side of the arctic circle, Akureyri, Iceland is a laid-back Nordic city and a study in contrasts. Soar into the blue sky to discover Grimsey Island, home to only 92 residents and thousands of sea birds. The city's Botanical Gardens is famed for its collection of high-latitude plants and well worth a visit. Explore the ancient lava formations of Dimmuborgir and the geothermal landscape of bubbling mud and hissing fumaroles at Namafjall Mountain. The city is best known as the gateway to Iceland's natural wonders – thundering waterfalls, gurgling lava fields, snow-capped mountains, sweeping fjords, and robust folk culture. Whatever you choose, it's sure to be the adventure of a lifetime. **(B, L, D)**

Thursday, August 15, 2024: Isafjordur, Iceland – Tendered – Safjordur, the largest town in the Westfjords peninsula, is known for its breathtaking landscapes. Here guests can enjoy a wide variety of outdoor activities from biking, hiking, kayaking and horseback riding to whale watching. They can explore the history of the town that started as a trading post in the 16th century with growth triggered in the 19th century by salt fish production which is still the most important industry for the town. **(B, L, D)**

Friday, August 16, 2024: Reykjavik, Iceland – This morning we say farewell to our cruise ship as we arrive Iceland's capital and largest city, Reykjavik. Settled in 877 A.D., Reykjavik is located on the country's southwest coast at the head of Faxaflói Bay. **FUN FACT:** This modern city still chooses to use water from nearby hot springs to heat all of its buildings.

Today we'll enjoy a full day of touring with a local guide on the **"Golden Circle Tour"** including:

Thingvellir National Park – the historical and geological wonder. Here the American and Eurasian tectonic plates are pulling apart at a rate of a few centimeters per year. Thingvellir is a UNESCO World Heritage Site.

Geysir – is the place from which all other geysers in the world get their name. The famous Geysir does not often erupt anymore but the smaller, but very impressive, Strokkur erupts every 4-8 minutes and shoots a column of water up to 40 metres up in the air.

Gullfoss (translated to 'Golden Falls') is one of Iceland's most iconic and beloved waterfalls, found in the Hvítá river canyon in Southwest Iceland which tumbles and plunges into a crevice some 105 ft. deep.

Langjökull Glacier – Next we will be taken to the edge of the enormous Langjökull glacier. The second biggest glacier in Iceland. We will learn the basics of glacier knowledge and possibly taste the purest water straight from the glacier!

Once we return to Reykjavik we can enjoy dinner (On Your Own) before calling it a night at our Hotel. **Overnight: Reykjavik, Iceland (B)**
