The 2024 Total Solar Eclipse: Witness the eclipse from the comfort of your own lawn chair that will be placed at our special viewing location that is located in the path of totality in Arkansas. Sit back and take in the eerie atmosphere as the total eclipse begins to darken the sky. Enjoy a picnic lunch while visiting with your fellow Travel Masters Friends. Leave the driving to us and avoid the crowds.

Solar Glasses are provided so you can see the eclipse with your very own eyes! If you think you'll just catch the next solar eclipse you may be a tad bit older and it won't be in our own back yard. You see, it will be 10 years until a short 90-second total solar eclipse on August 23, 2044. It will be visible from Greenland, northern Canada, and in the U.S., only in Montana and North Dakota near the Canadian border.
